

Thank you for making
Grow With Us
a success!

Dear Friends,

Thank you for attending Grow With Us: A Community Benefit Breakfast. We hope that you came away from the event feeling as inspired by the incredible speakers as we did! Their perspectives on centering justice, equity, and inclusion in the outdoor movement, and ensuring that meaningful experiences in nature be an integral component of every young person's education, strengthen our resolve to effect lasting, systems-level change in the environmental field. As we grow our programs in the year ahead, we invite you to stay connected to our work and stay motivated by the calls to action all of our honorees expressed.

Congratulations again to our award recipients Andrea Fraume Valencia, Jim Riddell on behalf of the The Riddell Family Fund, and Kathryn Boyle on behalf of Kaiser Permanente, for their commitment to making the outdoors equitable and accessible to all. And special thanks to Youth Outside Board Member Laura Vollmer for supporting us in making this a truly memorable morning.

Thank you for all of the ways you show up for Youth Outside, and for your advocacy on behalf of young people everywhere.

Warmly,

A handwritten signature in black ink, appearing to read "Kim Moore Bailey".
